WHO WE ARE

One studio. A portfolio of ventures.

Black Star Media & Entertainment is an independent media management company headquartered in Brisbane, Queensland. We create, produce and operate a growing family of brands — from AI-composed music and original YouTube channels to hands-on AI education.

Everything we make is united by one idea: that technology, when paired with genuine craft, can bring people together and tell better stories. We treat AI as a creative engine, not a gimmick — a way to make music, media and education that wasn't possible yesterday.

AT A GLANCE

The studio in numbers.

AI-composed neo-soul and jazz lounge sessions — warm, late-night listening for focus and calm, published weekly.

EDUCATION

AI:M Workshops

Artificial Intelligence: Mastery — a beginner-friendly, four-module program from AI foundations to creating your own AI-powered content.

WHAT WE DO

From the studio to the screen.

We build brands end to end — the creative, the technology and the community around them.

- Original music production, including AI-composed releases
- YouTube channel development and weekly content
- AI education — in-person in Brisbane and online
- Digital media, branding and creative direction

Culture

Stories, sounds and ideas — crafted for audiences everywhere.

Innovation

We use AI as a creative engine, making work that wasn't possible yesterday.

Community

From the studio to the classroom, every venture brings people together.

Craft

Premium, considered and cinematic — quality in every detail.
